

1982 Gordon Conference on Proteases and Protease Inhibitors

Proposed Budget

For partial reimbursement of travel expenses and residence fees at the meeting
for invited speakers and session chairmen

.....\$5,000

Justification:

Travel expenses and other costs associated with attendance at The Gordon Conferences have escalated considerably since the 1980 meeting. Room and board costs will be increased to \$250 per person in 1982. Cost of air-transportation has also increased greatly. We anticipate inviting at least ten speakers from outside the U.S. (Belgium - 1; Denmark - 1; England - 2; Germany - 3; Japan - 3). In order to defray the expenses of our foreign guests plus the residence fees for U.S. speakers and travel expenses for about half the latter group, we estimate we will require about \$25,000 in all. The budget proposed to the Council, therefore, represents approximately 20 per cent of our anticipated needs.
